

All sponsorships receive tons of publicity – both before the convention and during the convention. Your company name and/or logo will appear in select email broadcasts to AEA members, on the AEA's convention website, in the pages of *Avionics News*, in the *Schedule of Events* received by every attendee, in signage displayed throughout the convention, and in post-convention publicity in *Avionics News* and on the AEA website. What a perfect way to keep your company's name and image in front of each attendee! Sponsorships are first-come, first-served.
